

CRBC FAQ's

Grades? Answer: 3rd through 8th

When do the games start and when do they end? Answer: *The games are played on Saturdays, starting January . The regular season ends March and then the season-ending league tournament starts.*

Can a player play for a team from a town other than the town where they go to school or the school district they live in? Answer: *No. The player must live in or attend the school district in which the CRBC team is located. The only exception to this rule is for competitive 8th grade teams.*

Can our players' names be added to back of CRBC jerseys? *No. The shirts must be worn as issued (no logos, names, etc. and cannot have the sleeves removed.) Official CRBC shirts must be worn during games.*

How does the clock work during games? *The clock stops for shooting fouls. Otherwise, the clock will only stop for all other dead ball situations after the one minute mark before the end of each quarter (In 4th grade, the clock does not start until the ball crosses mid-court during the last minute of the game.)*

What is the playing time requirement? See rules regarding sick or injured players and late arriving players. The general rules are:
